Thanksgiving to Remember

Saturday Nov 16, 2019

This event is for all Troop 285 supporters to celebrate our shared experiences in Scouting. There will be opportunities to be active all day with nature hikes, mountain bike rides, patrol games, archery & slingshots, sunset from Champagne Overlook, and star gazing. And of course there will be a Thanksgiving feast, with catered turkeys and pot luck sides. Afterward, patrols are welcome to campout if they wish.

What to expect:

This will be an 100% outdoor event. Water, tea and lemonade will be provided, so bring your favorite tumbler. Arrive around 9:00am as there will be a group led mountain bike ride or nature hike at 9:30am. Scout games, crafts and family exploring will commence after that, around 11:30am. Please remember to bring your own snacks and lunch. Dinner will be at approximately 4pm to ensure we can hike to the overlook by 5:15 for sunset. Bring your flashlights and telescope or binoculars to take advantage of the star gazing opportunities after dark. We will have a "Fall Themed" photo opportunity set up that you can take family photos in front of (think about what you would like to be wearing for this photo op).

Agenda:

- 9:30am Mountain Biking
- 11:30am Scout games, crafts, family time and sack lunches
